Brian and Matt,

We are also unable to commit to a discovery schedule before having the opportunity to receive and review MGC's filings. MPAA agrees with SDC that it makes more sense to revisit this next week after the holiday weekend.

Brian,

I was out of the office on Saturday, December 23. You may have received my out-of-office auto-reply.

Although you have received a good preview of our written direct statement (and MPAA's, I presume), we have no idea what if anything MGC plans to submit tomorrow. I am therefore unable to commit to such a tight discovery schedule at this time, particularly in light of the upcoming holiday weekend. I suggest we revisit this question next week after we have had a chance to review whatever MGC files and to make some preliminary determinations as to what discovery we may require.

Matt

Dear Counsel, as you may recall, on December 23, 2017, I emailed you regarding a proposed discovery schedule in light of the 12/22/17 order consolidating the 2010-2013 cable/satellite proceedings and continuing the filing dates for the WDS and AWDS a week.

Will you agree to the following revised schedule?

Submission of document requests: January 5, 2018

Response to document requests (objections), and production responsive to document requests: January 12, 2018

Submission of follow-up document requests: January 26, 2018

Response to follow-up document requests (objections), and production responsive to follow-up document requests: January 29, 2018

Again, please inform me whether you agree to the foregoing.

Brian
